 Panots Jimenez

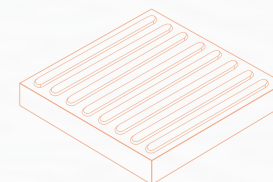

Panots Jimenez

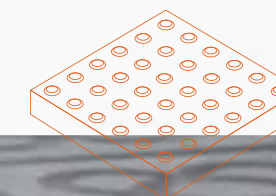

Som una empresa familiar **fundada l'any 1980**, any que s'installa la primera premsa hidràulica amb extracció de peces manual. Pocs anys després s'amplia l'activitat i s'automatitza tota la maquinària, aconseguint augmentar la productivitat i millorant la qualitat dels nostres paviments.

Després de **40 anys d'experiència** en el sector del prefabricat de formigó, ens hem posicionat com **empresa líder en la fabricació de panot per a vorera a Catalunya**, tant pel volum de producció com per la qualitat i diversitat dels nostres productes.

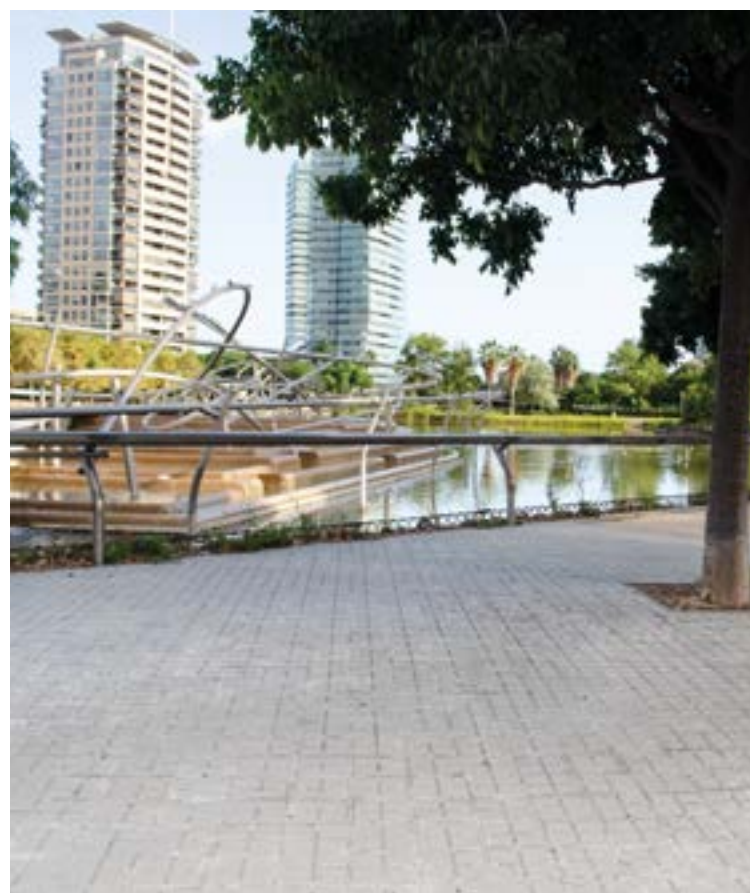

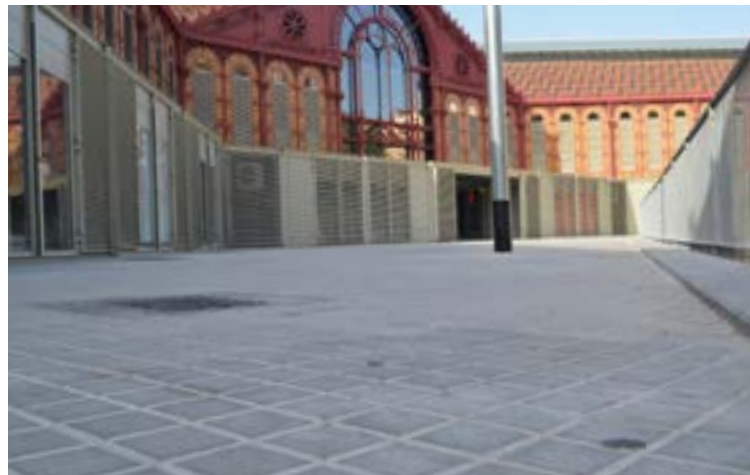

Tots els nostres paviments compleixen amb les **normatives europees vigents i disposen del marcatge CE avalant el nostre compromís amb la qualitat**. Durant els últims anys hem reforçat el nostre compromís mediambiental introduint àrid reciclat en els nostres processos productius i utilitzant **energia 100% renovable** que ens permet reduir la nostra petjada ambiental.
